

Perron Timber Mart

Perron Timber Mart has come a long way from 1955 when Phillip Perron started the business out of his garage. In 1965, Paul-Emile Perron took over the operation from his father and more recently, his daughter, Brigitte Perron-Ranger, together with her husband Chris, and her brother Ron Perron have been working towards full ownership.

The Perron family is proud that they have been able to continue operating this family business while providing the community with the best products available. Their products and services are vast, and include paint, lumber, tin, tools, cleaning supplies and many others!

While visiting, we asked what they are known for over their competitors. Brigitte's response came from the words of her father "you live with the people you sell to, so be fair, be kind and sell quality". The Perron family notes that providing top notch service is important in a small community as you develop long-term relationships with your customers.

There is a lot of sweat equity that goes into running your own business, but Perron-Ranger is convinced that it is worth it. She suggests investing in your community, supporting other local businesses and giving back to local initiatives. In her words "local returns local"!

Briditte, on behalf of the Perron and Perron-Ranger families would like to thank their dedicated and hard-working employees, "we would never be able to do this without them". Perron Timber Mart employs 9 full-time and 4 part-time employees who are local to the area.

For more information, please contact Perron Timber Mart at 705-752-1360.
