# A Message from the Municipality

The year 2022 marks the first step into a new century for the Municipality of East Ferris. As we move forward, this year’s municipal calendar couldn’t be more appropriate with wonderful drawings that showcase the imagination and creativity of our young citizens. These young artists are the future of our community and it is good that from a young age they are thinking about what makes East Ferris special. On behalf of all of us, we say thank you to everyone who participated in the drawing contest.

This is also a great opportunity to thank all the citizens who have been a part of the celebration of the Municipality’s centennial in 2021. There is no doubt that the event in the midst of a pandemic was interesting and at times challenging, but together we celebrated this important milestone.

At the municipal level, 2022 will be a busy year as the focus shifts to providing high quality services and programs. As always, we hope you will keep this calendar close to you in 2022 as it is where you will find a wealth of municipal and community information. It is also available in electronic format on the municipal website. Residents often comment that the calendar is very handy and that they refer to it throughout the year.

The Municipality of East Ferris wishes all residents a safe, healthy and well-filled 2022. We welcome all new residents and hope you enjoy all that East Ferris has to offer. If you would like more information on community events, programs and services, contact the municipality at 705-752-2740 or [municipality@eastferris.ca](mailto:municipality@eastferris.ca).

# ECONOMIC DEVELOPMENT

*Stay up-to-date by signing up for our quarterly Snapshot! Visit [eastferris.ca](http://eastferris.ca)*

## ***Economic Development:***

East Ferris is committed to working with partnering organizations to provide strong support and assistance to encourage entrepreneurship and small business in our community. The Economic Development Committee, comprised of community business representatives, municipal staff, and regional agency representatives spearhead programs and initiatives to foster entrepreneurial growth for the municipality. The Economic Development Committee and municipal staff aim to finish implementation of Council's Strategic Plan goals throughout 2022 and seek to continue to build relationships with the local business community.

## ***Internet:***

The Municipality of East Ferris Council recognizes the importance of fast, stable, and reliable internet service for both personal and business use within our community. Council has advocated for East Ferris residents in order to bring faster and more reliable service to all areas of our community. Throughout this term of Council, East Ferris has been a major partner in a regional application to the Universal Broadband Fund which was successful and will see fibre rolled out throughout the community in the coming years. The municipality is also very happy to see ongoing private investment by Netspectrum, who is building additional fibre infrastructure in our community!

## ***Community Improvement Plan:***

The Council of the Municipality of East Ferris continues to offer incentive programs under the Community Improvement Plan for eligible redevelopment projects within the municipality. A Community Improvement Plan is a revitalization tool used to achieve community planning, urban design and economic development objectives for a

defined area. This plan allows the municipality to offer financial incentives to landowners and tenants who are looking to invest in the community and their properties. The purpose of the community improvement plan is to create a mechanism to promote investment, generate economic development, encourage affordable housing and increase tax assessments. Contact the municipality to determine if your project is eligible for one of the Community Improvement Plan programs.

## ***Return of the East Ferris Tradeshow:***

The East Ferris Tradeshow is the premiere business focused event in East Ferris each year and a day that staff, Council, the business community, and residents look forward to each year. With the ongoing COVID-19 pandemic, the only safe option was to cancel the 2020 and 2021 events. Although the Municipality was disappointed to not have the event run, in 2021 we were able to host the first Small Business Summit in a digital environment, which saw presenters from across the business community engage with our local businesses. We were pleased to have the technology available to run such a successful digital event; however, we will be monitoring the ongoing COVID-19 situation to determine whether it is viable to get the East Ferris Tradeshow back up and running. We look forward to welcoming all members of the community back to the event in person when it is safe to do so.

Continue to keep an eye out for new information about upcoming events and other initiatives within the community by visiting [www.eastferris.ca](http://www.eastferris.ca) for more information. We are also active on the Municipality of East Ferris Facebook page, where you can find posts about current events and municipal information.

## KEEP FIRE SAFETY IN MIND AS TEMPERATURES DROP!

The Municipality of East Ferris Volunteer Fire Department is urging everyone to keep fire safety in mind as the temperatures turn colder.

There are some simple things people can do to stay fire safe during the colder months:

- Have all fuel-burning appliances inspected annually by a registered fuel contractor. Go to **COSafety.ca** to find a contractor near you.
- Keep chimneys and intake/exhaust vents for furnaces and heating appliances free of debris, ice and snow accumulations to reduce the risk of carbon monoxide (CO) build-up from inefficient combustion.
- Burn dry, well-seasoned wood in fireplaces and woodstoves to reduce the risk of excessive creosote build-up in chimneys.
- Allow ashes from your fireplace or woodstove to cool before emptying them into a metal container with a tight-fitting lid. Keep the container outside.
- Keep space heaters at least one metre (3 feet) away from anything that can burn, including curtains, upholstery and clothing.
- Replace worn or damaged electrical wires and connections on vehicles and extension cords and use the proper gauge extension cord for vehicle block heaters.

- Consider using approved timers for vehicle block heaters rather than leaving heaters on all night.
- Ensure that vehicles are not left running inside any garage or building.
- **Ensure there is a working smoke alarm on every storey and outside all sleeping areas of your home.**
- **Install CO alarms to alert you to the presence of this deadly gas.**
- In rental units, the landlord shall be deemed to be the owner.
- The Landlord shall provide a copy of the smoke alarm manufacturer's maintenance instructions or approved alternative to the occupant in each rental dwelling unit.
- No person shall intentionally disable a smoke alarm so as to make it inoperable.

The Municipality of East Ferris Volunteer Fire Department reminds everyone that the Ontario Fire Code requires smoke alarms to be installed on every storey of your home and outside all sleeping areas. Carbon monoxide alarms are required outside all sleeping areas if the home has a fuel-burning appliance, a fireplace or an attached garage. For more information about smoke and carbon monoxide alarms, or fire safety, contact Fire Chief, Frank Loeffen at 705-752-2740, ext. 224 or **[firedept@eastferris.ca](mailto:firedept@eastferris.ca)**.
