a) **B-2021-39**

**Jordyn Vaillancourt, Carlyle Strang, Drew Hampel – 68 Cedar Bay Road**

A public meeting was held on an application submitted by Jordyn Vaillancourt, Carlyle Strang, and Drew Hampel requesting permission from the Committee to create one new lot for residential purposes. Ryan Humble presented the application to the Committee on the applicant's behalf. They are requesting to sever approximately 3.5 to 4 acres off the 14 acres they purchased in the fall.

This is the first application since the Lake Nosbonsing water quality study was completed last year. The property falls within the west basin. Prior to the lake study being completed there was a moratorium on lot development where septic systems could not be placed within 300 metres of the lake. This lot is close to meeting the 300 m setback, but does not. Prior policies would not allow approval, but since the study identified a capacity of three additional lots where septic systems could have a 300 metre setback from the shoreline, Mr. Kirton supports the application. The property meets all other setback and lot area requirements, and the general intent of the Official Plan is being maintained.

Since this application was deferred from the last meeting, the Conservation Authority did conduct a site visit. Mr. Kirton did receive verbal confirmation that they no longer had any concerns about a suitable septic location, but no official letter has been received. The Committee agreed to approve the application with the condition that official comments be received from the Conservation Authority regarding the septic system.

**DECISION OF CONSENT (File B-2021-39):**

Bill Boake - Frank Corbeil – Al Herauf – Erika Lougheed

**We**, the undersigned, in making the decision upon this application have considered whether or not the requested consent is in conformity with the policies laid out in the East Ferris Official Plan and consistent with the requirements of section 51(24) of the *Planning Act*.

- b) B-2021-41 to B-2021-44  
Steven Bon – Vacant Land Cedar Bay and South Shore Road**

Resolution No. 2022-04  
Bill Boake – Erika Lougheed

THAT the Public Hearing for File No. B-2021-41 to B-2021-44 (Steven Bon – Vacant land Cedar Bay and South Shore Road) be deferred to the February 16<sup>th</sup>, 2022 Committee of Adjustment Meeting.

CARRIED

- c) B-2021-47 to B-2021-48  
Michel Champagne – 10 Derland Road**

A public meeting was held on applications submitted by Michel Champagne requesting permission from the Committee to create two new lots for residential purposes.

Mr. Champagne spoke to his applications. The lot on Derland Road is mainly forested and approximately two acres. The lot on Corbeil Road is rough, stony pasture that his cattle cannot access. Mr. Kirton advised that the Official Plan specifies a preference to keep suitable farmland, but the applicant has explained why these two lots are not suitable for farm or pasture.

The Conservation Authority requested the application be deferred in order to conduct a site visit in the spring to confirm suitable septic locations. The Committee agreed to defer the application until confirmation from the Conservation Authority has been received.

Resolution No. 2022-05  
Al Herauf – Bill Boake

THAT Consent Applications No. B-2021-47 and B-2021-48 (Michel Champagne – 10 Derland Road) be deferred to a future meeting pending a site inspection by the North Bay Mattawa Conservation Authority to determine suitable septic locations.

No public input was received on the application, and no objections were received from Hydro or the Conservation Authority. Frontages of both properties will not be affected. Lot area requirements are also exceeded. The application was approved as requested.
