Assessment Update

The province postponed province-wide assessment updates and has indicated that property assessments for the 2026 taxation year will continue to be based on the fully phased-in January 1, 2016, current values (i.e. same valuation date used for the 2020 taxation year) unless there were changes to your property that would affect its value.

Calculating Your Property Taxes

On a residential property with a phased-in current value assessment (CVA) of \$100,000, property taxes would be calculated as follows:

Phased-in CVA x Total Tax Rate = Taxes Due

\$100,000 x 0.01203436 = \$1,203.44
(or \$1,203.44 per \$100,000 of assessment)

Budget & Tax Highlights

- 2026 budget was approved with a tax levy increase of 4.5% (\$331,423). Of the 4.5% increase, 3.15% (\$231,977) funds municipal operations and services, and 1.35% (\$99,446) funds increases for external agencies, boards and commissions (see pie chart).
- Property taxes will increase by \$28.57 per \$100,000 of assessment for residential taxpayers (\$2.38/month).
- All 2,751 residential properties will see a tax increase. The average annual increase is \$73 (\$6.08/month).
