CALENDRIER
MUNICIPAL
CALENDAR

A Message from the Municipality

The 2020 calendar is where you can find an abundance of municipal and community information. Residents often comment on how the calendar is very convenient and referred to the whole year long.

East Ferris is a vibrant and healthy rural community we call “our home / notre chez-nous”. It is a community where residents and the municipality work together. In keeping with this tradition, this past year we saw the addition of new programming to include a Canada Day Celebration; the launch of a Sports Recognition Program with a permanent Sports Hall of Fame; youth programming such as Let’s Ride, Hockey Puck Shooting Challenge and Drop In Ball Hockey; adult programming at the East Ferris Public Library; the ParticipACTION Community Challenge; and the 1st Municipal Open House.

Hockey Puck Shooting Challenge and Drop In Ball Hockey; the ParticipACTION Community Challenge; and the 1st Municipal Open House.

There were numerous actions taken to maintain the high quality of living in Astorville and Corbeil to include the addition of a traffic light at the corner of highways 94 and 17, major repairs to roads such as Lake Nosbonsing and Groulx Roads, modernization of our road maintenance fleet and the establishment of a Community Clean-Up Day. The Municipality saw the addition of new subdivisions and was delighted to welcome new businesses. These are but a few of the actions taken and for further information on the strategic goals and objectives that Council and the administration is currently working on, please refer to the 2019-2022 Strategic Plan at eastferris.ca/content/town-hall/strategic-plan.

On behalf of Council and municipal staff, we wish all residents a happy and successful 2020. We also extend a warm welcome to all new residents and hope you enjoy all that East Ferris has to offer. If you would like further details about community events, programs and services, or have ideas on what information should be included in future calendars, please contact the Municipality at 705-752-2740 or municipality@eastferris.ca.

The Economic Development Committee, comprised of community business representatives, Municipal Staff, and regional agency representatives spearhead programs and initiatives to foster entrepreneurial growth for the Municipality. The Economic Development Committee and Municipal Staff aim to work on implementation of Council's Strategic Plan goals throughout 2020 and seek to continue to build relationships with the local business community.

Internet:

The Municipality of East Ferris Council recognizes the importance of fast, stable and reliable internet service for both personal and business use within our community. With the ever growing importance of the digital landscape in business, Council has made improving internet service a priority during this term. Throughout 2019, the Municipality has been working to build relationships with other regional municipalities, local internet advocacy organizations such as Blue Sky Net and private service providers. Throughout 2020, Council and staff will continue to build on the progress made in 2019 to contribute to a united and focused approach to best improve overall service speed and capacity across all of East Ferris.

Community Improvement Plan

The Council of the Municipality of East Ferris has recently adopted a Community Improvement Plan. A community improvement plan is a revitalization tool used to achieve community planning, urban design and economic development objectives for a defined area. This plan allows the Municipality to offer financial incentives to landowners and tenants who are looking to invest in the community and their properties. The purpose of the community improvement plan is to create a mechanism to promote investment, generate economic development, encourage affordable housing and increase tax assessments. Contact the Municipality to determine if your project is eligible for one of the Community Improvement Plan programs.

Business Signage Program

The Municipality of East Ferris has launched a new signage program aimed at increasing awareness of the businesses in our community. With Mayor and Council's commitment to fostering business and entrepreneurship, the goal of this program is to enhance visibility and drive more traffic to local business and amenities. Please contact the Municipal office for more information about this exciting initiative.

OCTOBER IS FIRE PREVENTION MONTH!

KEEP FIRE SAFETY IN MIND AS TEMPERATURES DROP!

The Municipality of East Ferris Volunteer Fire Department is urging everyone to keep fire safety in mind as the temperatures turn colder.

There are some simple things people can do to stay fire safe during the colder months:

- Have all fuel-burning appliances inspected annually by a registered fuel contractor. Go to [COSafety.ca](https://www.cosafety.ca) to find a contractor near you.
- Keep chimneys and intake/exhaust vents for furnaces and heating appliances free of debris, ice and snow accumulations to reduce the risk of carbon monoxide (CO) build-up from inefficient combustion.
- Burn dry, well-seasoned wood in fireplaces and woodstoves to reduce the risk of excessive creosote build-up in chimneys.
- Allow ashes from your fireplace or woodstove to cool before emptying them into a metal container with a tight-fitting lid. Keep the container outside.

- Keep space heaters at least one metre (3 feet) away from anything that can burn, including curtains, upholstery and clothing.
- Replace worn or damaged electrical wires and connections on vehicles and extension cords and use the proper gauge extension cord for vehicle block heaters.
- Consider using approved timers for vehicle block heaters rather than leaving heaters on all night.
- Ensure that vehicles are not left running inside any garage or building.
- **Ensure there is a working smoke alarm on every storey and outside all sleeping areas of your home.**
- **Install CO alarms to alert you to the presence of this deadly gas.**

The Municipality of East Ferris Volunteer Fire Department reminds everyone that the Ontario Fire Code requires smoke alarms to be installed on every storey of your home and outside all sleeping areas. Carbon monoxide alarms are required outside all sleeping areas if the home has a fuel-burning appliance, a fireplace or an attached garage. For more information about smoke and carbon monoxide alarms, or fire safety, contact Fire Chief, Frank Loeffen at 705-752-2740, ext. 224 or firedept@eastferris.ca.
