DID YOU KNOW?

COMMUNITY IMPROVEMENT GRANTS

Did You Know the Municipality of East Ferris established a Community Improvement Plan (CIP) with financial incentives for businesses in East Ferris?

The CIP budget supports the Signage Improvement Grant. This grant is for the replacement, improvement, repair, or installation of signage associated with commercial, office, retail, and other local businesses that are open to the public.

The grant will support primary signs attached to buildings as well as hanging signs, which may be used as primary or secondary signs that complement the main building signage.

50% matching of eligible costs up to a max grant of \$1,500 per property, whichever is less.
